

FCC,

Telemarketers used to drive my family crazy between 4:30-8:00, Monday through Friday evenings. Meals were interrupted, homework was stopped, quiet family time was shattered by these unwanted solicitations.

Our evenings have been more enjoyable ever since we signed up for the Do Not Call List. I do not wish to relinquish this peace. Do not repeal NJ's effort in this area. It is one of the few things that our government has gotten right.

Phil D'Agostino
